

MURMURES et SEMENCES

CATALOGUE DES OEUVRES

Le projet **MURMURES ET SEMENCES** est un récit où la force des liens est raconté et où la fragilité est dévoilée. Les artistes Isabelle Clermont et Eve Tellier-Bédard insufflent leur magie créative en écoutant avec les doigts, avec la peau, avec l'émergence des pistils. Leurs rêves proviennent des fleurs et de leurs parfums. Leurs offrandes visuelles sont comme des pétales murmurant le souffle des nuits et le goût précieux de chaque journée. La fleur devient ici, un symbole. Du projet, est né une allégorie sur l'épanouissement des deux créatrices qui s'enracinent et s'élèvent. Exploratrices, elles butinent sur chaque idée artistique qui s'offre à elles. Collectionneuses d'échantillons de divers éléments de la nature, ceux-ci sont documentés et deviennent là, une partie prenante de la démarche et du rendu. **MURMURES ET SEMENCES** c'est également une douceur florale imprimée avec plus de 125 oeuvres créées numériquement à partir de visuels tirés des univers respectifs et communs des deux artistes.

Chaque impression à tirage limité (10) est vendue signée, numérotée et encadrée.
